

*First off, I want to applaud Shining Star Kennels for the excellent experience I had with securing my new GSP.*

*Not only did they meet my expectations they exceeded them.*

*I found Shining Star Kennels to be very professional and knowledgeable. Ed Kerr was very patient and thorough with and answering ALL of my questions over the process.*

*I had wanted a top notch German Shorthair for the field but one that looked sharp as well.*

*What also impressed me is that Shining Star / Ed Kerr hunts with their dogs and their GSP are also family dogs bred to be calm in the house.*

*I ended up getting a male GSP from Shining Star Kennels that met my criteria....*

*A puppy from excellent and proven lineage. The Sire and Dam had great track records and were rockstars...*

*Especially impressed with the booklet that was provided to me that had a wealth of knowledge of the sire and dam along with all their accomplishments.*

*To top it off Ed Kerr drove over an hour to the airport and delivered the puppy to the airport for me as I flew in from out of state...*

*Bottom line....*

*If your looking for a great field dog that is calm in the home, has great lineage, from a reputable knowledgeable breeder, then Shining Star Kennels is a breeder that you should seriously consider when acquiring your GSP puppy.*

*Sparrow Hawk Farm..... Virginia*
